
PARDO DIGITAL LLC

Government & Commercial Project Services

REVIEW DRAFT | ENGLISH / ESPAÑOL

COMPANY OVERVIEW

Atlanta-based, veteran-owned business. Commercial flooring project and procurement coordination, plus AWS infrastructure and project-based technical services.

CORE COMPETENCIES

Flooring: scope review, materials and coordination. Cloud & IT: AWS planning, technical implementation and documentation. Deliverables and responsibilities agreed for each project.

DELIVERY MODEL

Pardo Digital coordinates the project and procurement. Qualified subcontractors perform installation. Partner qualifications, licenses, insurance and experience require verification for each opportunity.

EXPERIENCE

Technical portfolio: Piedad Giraldo Realty (client digital work) and Pardo Digital Platform (internal development). No government awards are represented. The flooring partner has verified work available; photos, scope and attribution await publication review.

REGISTRATION & CERTIFICATION

Pursuing SBA SDVOSB Certification. CAGE pending. SAM, UEI and NAICS: awaiting verification. No current SDVOSB set-aside eligibility is claimed.

SERVICE AREA

Atlanta and surrounding states. Project location, scheduling and partner availability confirmed during scope review.
